| 1. Full Netcare navigation enabled upon launch from Connect Care..... | 2        |
| <b>Known Issue .....</b>  | <b>3</b> |
| 1. Auto-close of open Netcare Patient Record .....                    | 3        |

## Connect Care to Netcare Launch Enhancement

### 1. Full Netcare permissions enabled upon launch from Connect Care

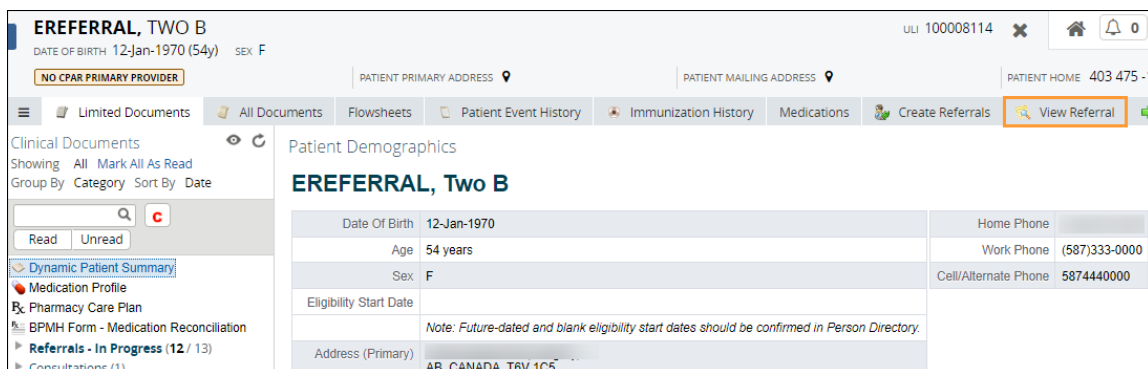

**Description:** Clicking the **Launch Netcare** button from the **Connect Care Storyboard** or **Main Toolbar** launches **Netcare** with a user's **full permissions** instead of **standard restricted permissions**.

**Details:** Launching from Connect Care enables the user to navigate Netcare within their full permissions instead of being restricted to the Patient Record open upon launch. Available navigation is the same as when the user logs into Netcare directly.

#### Connect Care – Netcare Launch remains as-is:

#### Netcare - all Tabs and Patient Search are available:

Patient Search

|                     |  |               |  |
|---------------------|--|---------------|--|
| Identifier          | <input type="text"/>                   |               |  |
| Identifier Type     | <input type="text" value="PHN / ULI"/> |               |  |
| Last Name           | <input type="text"/>                   | Date Of Birth | <input type="text" value="Day"/> -- <input type="text" value="-- Month --"/> -- <input type="text" value="Year"/>                                    |
| First Name          | <input type="text"/>                   | Sex           | <input checked="" type="radio" value="All"/> <input type="radio" value="Female"/> <input type="radio" value="Male"/> <input type="radio" value="X"/> |
| Middle Name/Initial | <input type="text"/>                   | Phone Number  | <input type="text"/>   |

Search Tip : An identifier search is recommended. For name search, please enter the complete last name, complete first name and date of birth.

Enter search criteria above and click 'Search'

## Known Issue

### 1. Auto-close of open Netcare Patient Record

|                     |   |
|---------------------|---|
| <b>Description:</b> | <b>Launching Netcare a second time from a second Connect Care Patient Record closes the first patient record in Netcare</b>   |
| <b>Details:</b>     | <p>Save all work in Netcare before navigating to a new patient in Connect Care.</p> <p>Netcare will display the following warning if the user navigates away from the patient accessed via Connect Care:</p> <p>“You have navigated away from the patient currently open in your EMR. Click Return to the patient opened in your EMR”.</p> <p>To clear the warning, click Return to the patient opened in your EMR or click Search for a Patient to find the patient.</p> |
