

How to Use the Health Services Catalogue (HSC)

About the Health Services Catalogue (HSC)

The *HSC* provides detailed information about available eReferral specialties and their accepted *Referral Reason*. A customized clinical pathway may also be available for each specialty/referral reason. You can search the HSC when creating an eConsult (previously called an Advice Request) or a Referral (previously called a Consult Request)

Search Information Lookup

The HSC allows you to search for information about a Referral Reason and Specialty in Alberta. You can also filter your search results by Request Type, City or Zone. **NOTE:** *The Zone filter defaults to the Preferred Zones pre-selected in My Details.*

 Click on *Health Services Catalogue* located in the eReferral menu on the left-hand side of your screen.

- EREFERRAL

Triage Referrals	
My Assigned Refe	rrals
Health Services Catalogue	

 Enter information into the fields and click Search. The search returns results from the HSC based on your input.

- Click on the *Clinical Pathway* icon in the Clinical Pathways column (if available) to access the clinical pathway.
- 4. Scroll down to the *Select a Topic* section and click *Orthopedics*.
